

A young child with brown hair and a pink hair tie is seated in a car seat. The child is holding a lit cigarette in their right hand, with smoke rising from the tip. The background is a blurred green landscape seen through the car window.

When you smoke in the car, they smoke.

Sign up to protect children's lungs from passive smoke in the car at www.lunguk.org

And for advice on how to quit please call the BLF Helpline **08458 50 50 20**
